www.plimsoll.co.uk

## FINDINGS FOR Claro Precision Engineering Ltd.

Claro Precision Engineering Ltd. is individually assessed on page 104 of the report and suggests that you are well positioned to weather the current downturn. Using a chart and text based assessment the analysis provides the following findings for your company:

- You are now the 50th largest company in the market
- You sit just below DJO UK LTD
- You are rated as STRONG
- We have named 28 acquisition targets in your region

*"As the 50th largest company, this report provides a completely independent opinion on your performance compared to the rest of the market"*

The Plimsoll Analysis includes an individual assessment of each of the top 534 companies in the UK Orthopaedic Equipment industry. Based on this comprehensive study we have provided a complete range of benchmarks so that you can assess your performance against the rest of the market.

The report provides a completely independent opinion on your company's performance, compared to the rest of the market.

## 28 COMPANIES IN YOUR LOCAL AREA ARE NAMED AS "ACQUISITION PROSPECTS"

A number of companies currently find themselves over stretched and exposed to hostile takeover. A downturn over the next 12 months will present a rare opportunity to acquire one of a number of struggling competitors for a significant discount, elevating your position in the market.

*"We have picked out 195 companies that would make a good acquisition with 28 in your local area"*

Here is a geographical breakdown of the companies that would make good acquisition by region:

Location	No of Companies	No of Prospects
East Midlands	34	10
Essex	34	16
North East	8	5
North West / North Wales	49	21
Northern Home Counties	55	16
Northern Ireland	0	0
Preston Conurbation	15	3
Scotland	9	4
South East	21	16
South Midlands	20	7
South Wales	17	4
South West	52	19
Southern Home Counties	44	16
Thames Valley	63	23
West Midlands	38	16
Yorkshire	73	28
